Attention: Mr. Ted Matley

Dear Ms. Clemons and Mr. Matley:

With this letter, the California Department of Transportation transmits Administrative Modification No. 5 to the Rural non-Metropolitan Planning Organization area portion of the California 2019 Federal Statewide Transportation Improvement Program (FSTIP). This modification revises the programming of the 99W Gap Closure project in Tehama County programming \$350,000 of local funds advance construction for preliminary engineering. The financial plan will be updated to reflect this change in the next FSTIP amendment.

These changes are consistent with the FSTIP Amendment and Administrative Modification Procedures and have no impact on the rural non-MPO financial constraint or air quality conformity. In addition, there are no projects in this administrative modification that are included in any other amendment that is currently open for public review.

Since administrative modifications do not require Federal Highway Administration and/or Federal Transit Administration approval, these changes have been incorporated into California's 2019 FSTIP. Please note that the approval of this modification does not constitute an eligibility determination of projects for federal funding.

If you have any questions or comments regarding this modification, please contact Lilibeth Green of my staff, at (916) 654-3521.

Sincerely,

A handwritten signature in blue ink, appearing to read "Muhaned Aljabiry", with a large, stylized flourish at the end.

Muhaned Aljabiry, Chief  
Office of Federal Transportation Management Program
